
BEIN AND THE WORLD OF COLORS — Animated Film

A feature animation for family audiences

Format: Animated Feature Film (80-90 min)

Target: Family / Children 6+

Tone: Pixar-level emotional depth meets Studio Ghibli visual beauty

PITCH

Bein's world offers a stunning visual concept — emotions as colors, the Land of Faded Hues as a greyscale wasteland, the Source of All Colors as a kaleidoscopic climax. Perfect for 2D or 3D animation.

STRUCTURE

Act 1: The Colorful World — Bein's gift, family bonds, the crisis hits

Act 2: The Fading — journey through the greyscale world, meeting Fearfy, Maith

Act 3: The Source — the truth about colors and feelings, the final choice

EMOTIONAL BEAT: The film teaches children that ALL emotions are valid — sadness, fear, and anger have purpose alongside joy and love.

Comparable: Inside Out, The Boy and the Heron, Song of the Sea.

Available: Animation rights worldwide.
