# THE CLOWN AND THE ICE CASTLE — Video Game

Psychological horror puzzle-adventure

---

**Format:** Puzzle-Adventure / Psychological Horror

**Platform:** PC, Consoles, Mobile (tablet-friendly)

**Target:** Fans of Portal, The Witness, Little Nightmares

## PITCH

A first-person puzzle game set inside the Ice Castle. Each floor is a self-contained puzzle box with a story layer. The Clown appears at key moments — sometimes guide, sometimes threat.

## CORE MECHANICS

- Ice manipulation — freeze water to create platforms, melt barriers
- Memory puzzles — reconstruct fragmented memories to open doors
- Mirror navigation — one mirror shows the past, one shows the truth
- The Clown's game — the trickster challenges you to moral choices

**Comparable:** Portal 2 (puzzles), Little Nightmares (atmosphere), What Remains of Edith Finch (narrative).

**Available:** Interactive / video game rights worldwide.
