
SIGILLUM MAXIMUM — Video Game

Open-world RPG set across seven magical realms

Format: Open-World Action RPG

Platform: PC / PlayStation / Xbox / Nintendo Switch

Target: Fans of The Legend of Zelda: Breath of the Wild, Elden Ring, Genshin Impact

PITCH

A single-player action RPG where the map IS the story. Each realm is a distinct biome with unique gameplay mechanics.

CORE MECHANICS

- Realm-based abilities — each secret unlocks a new power
- Companion system — unlock Grogher, Sidae, Majory as AI companions
- Moral choices — secrets can be obtained through wisdom, sacrifice, or force
- Aeltiàfisar — sentient sword with evolving abilities and dialogue
- Flying mounts — Raertha (pegasus), Sidae (winged lion), Hercules (griffin)

WORLD DESIGN

Seven realms, each ~10 sq km of explorable terrain.

Nuvolandia (sky islands), Elf Forest (luminescent woods), Gnome Caves (underground clockwork city), Merfolk Depths (underwater), Dwarf Mountains (volcanic forges), Storm Plains (weather-altered), Realm of the Great Light (the final, surreal zone).

Comparable: The Legend of Zelda, Genshin Impact, Horizon Zero Dawn.

Available: Interactive / video game rights worldwide.
